

On September 1, 2023, Ontario is introducing a new air brake learning module to replace the current air brake knowledge test for renewals.

For more information, please visit [Ontario.ca/airbrake](https://ontario.ca/airbrake).

Renewing Your Driver's Licence Before September 1, 2023:

- Current rules apply and you will complete the air brake knowledge test.

Renewing Your Driver's Licence on or after September 1, 2023:

- You must complete the air brake learning module online before attending a DriveTest centre.

- Scan the QR code to access the learning module.

- Or visit <https://mtoairbrakes.skillspass.com/>

- You must have your driver's licence with you to start the learning module.
- After completing the learning module, download or print the "Certificate of Completion."
- Bring the digital or printed copy of your "Certificate of Completion" and your driver's licence to a DriveTest centre or your Driver Certification Program organization.
- If you hold a commercial class (A, B, C, D, E or F) driver's licence, you will need to complete the vision and commercial class knowledge test in-person at a DriveTest Centre or through your Driver Certification Program organization.

Please note, if you have already renewed your driver's licence, disregard this notice.
